To whom it may concern:

I was referred to Stewart Lighting by a friend when they learned I would be renovating our Players Club Villas condominium. After visiting their retail store and investing time with Steve Longino, Principal, and other sales associates, we were extremely impressed with the quality of products, knowledge of the entire staff, and the service we were provided. Stewart Lighting understands customer service and providing value and quality products to its consumers. Michelle and I would highly recommend talking to and working with the Stewart Lighting team for any of your lighting needs.

Respectfully yours,

R. Stephens Tart, Jr., SCSM, CRX
President & Partner
